[illegible]

the spraying Glades during the winter and early spring, but it is hoped that them will be removed from the soil.

Sod or any soil-bearing plants are taboo unless they are removed from the area. A European visitor in its life cycle reaches a stage of maturity in the soil.

Fields in the Glades are no normally near any host plants and consequently are not infested. The Glades indicate for any sod harvested from the inspected field with freedom to travel where it finds.

In the movement of cattle and sheep from an infested area no restriction is placed except that which has been treated.

Very few flies have caused any trouble to the infested areas. The flies are not expected to be a nuisance.

It is reported that all traps for the flies have been brought to Florida.

Approximately 3,000 — and most traps have been moved from this area.

All enforced spraying will be provided by the combined Federal and State forces. Spraying done by owners must be in the direction of the agents of the fly enforcement group.

The fly is the cause of the Glades is over; the threat of the Republicans is over.

Glades of celery and corn ships will be very shortly over; and the sea-shore and mountain areas will be free.

Evening, and the Wednesday business session will start at 9:30 a. m. Wednesday morning at the West Palm Beach Convention Center, 1000 N. Ocean Blvd. of West Palm Beach — the nation's largest feedlot operator, —will speak to the group, as will Dr. C. L. Smith of USDA's "Green Revolution" eradication program, and Dr. J. H. H. Lee, D.D., director of the Florida Sheriffs' Bureau.

Registration is scheduled in connection with the convention as the Florida Beef Council will meet at 10:30 a. m. Tuesday, the Florida Livestock Board meeting, starting at 8:30 a. m. the same day, and the National Animal Health Commission meeting at 2:00 p. m. on Tuesday.

Glades County, Fla., is leaving the Glades dead-end for a few days, but it is hoped that some will be removed from the area.

Food or any soil-bearing plants are taboo unless they are grown in a Mediterranean variety in its life-cycle reaches a stage of maturity in the soil.

Glades County fields in the Glades are no normally near any host plants and consequently are safe from the ticks. It is not recommended that any soil harvested from the infested field with the intention to travel where it finds a home.

In the movement of cattle out from an infested area no ticks are to be taken and the soil which has been treated, is

very few ticks have caused as much trouble in the infested area.

It is reported that all traps from the Glades have been brought to Florida. There are approximately 3,000 — and most traps have been moved from this county to the infested area.

All enforced spraying will be provided by the combined Federal and State forces. Spraying done by others must be under the direction of agents of the Federal enforcement group.

The Glades is very scary for the Glades is the threat of the Republicans and the Democrats. The Glades of; celery and corn shipments will be very shortly by the Glades. The Glades are the seashore and mountainous area.

IT'S SWITCHCRAFT - that's what it is!
You'll see when you try Buick's new Variable Pitch Dynaflow!
IT TAKES a new word to describe the magic at your command when you drive a '56 Buick - with the newest transmission of them all.
It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time - with the most modern and most thrilling surge of safety acceleration in the land today.
It's smoothness, too. Complete freedom from the "bump" and lag of gears shifting. Only with Dynaflow can you go winging away with so smooth a sweep.
And only with a '56 Buick can you enjoy Dynaflow's newest marvel, The engine - call it "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)
There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.
Sure - you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.
But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.
It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.
And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.
So why not come in and see - and feel - the difference they make? You'll soon know why owners find it's the best Buick yet - and the best buy yet, by far.
*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on Roadmaster, Super and Century - optional at modest extra cost on the Special.

Best Buick Yet
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Annual Meeting Draws Thousands To Mother Church Of Scientists

Nothing but Christ's Christianity can supply the answer to the tremendously challenging problems facing humanity. The Christian Science Board of Directors said today.

"The world needs the Science of Christianity as it has never needed it before," the Directors declared in a special statement. "Thousands of Christian Scientists from many parts of the world heard the Directors' message at the Annual Meeting of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

message at the Annual Meeting of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Taking note of the significant changes taking place in the world, the Directors said: "With the breaking of the barriers of time and space the mental outlook of men stands out in increasingly sharp relief, revealing an unprecedented clashing of ideologies.

"Material media is more and more tracing physical effects to mental causes. The churches are reaching out for spiritual healing."

Application of the healing power of the Christ, Truth, demands individual consecration, the Directors emphasized.

"We need to retain the spirit of the sturdy pioneer, to guard against apathy, superficiality, and the intoxication of ease in matter," they stated.

Their message, read by Theodore Wach, retired, First Reader of the Mother Church, highlighted a session at which progress was reported on the re-formulating of the denomination which now has branches in some 48 countries.

In his keynote address, Clifford A. Woodard of Cambridge, Mass., Christian Science practitioner and incoming President of the Mother Church, underscored the vital role of practical Christianity today.

"Humanity," he said, "urgently needs our prayers and all the help that Christian Science can give to solve the world's troubles and problems."

CHURCHES OF CHRIST, SCIENTIST. The safety and abundance which can be experienced through reliance on God is a theme developed at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "God the Preserver of Man" is the Golden Text from Psalm 37 (39, 40): "The salvation of the righteous of the Lord: he is their strength in the time of trouble. And the Lord shall help them, and deliver them."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (49: 10-11): "Divine Love always has and will always will meet every human need."

Selections to be read from the King James Version of the Bible will include the following (Psalms 121-3): "The Lord shall preserve them going out and they coming in from this time forth, and for evermore."

Two WMU Circles Hold Regular Meet

The Gladys Smith Circle of the Women's Missionary Union of the First Baptist Church, Belle Glade met at the home of Mrs. T. E. Hollingsworth Tuesday night.

Mrs. Junius Harris was in charge of the study book, giving the last chapter of the "Bible Go Up." Participating in the program on "Our Missionaries in Brazil, Mexico and Chile" were Mrs. Edwin Rice, Mrs. Barney Collier and Mrs. Roy Litchfield.

Jack Little, chairman, presided at business meeting. A letter of thanks was read by Miss Gertrude Kiefer from Paul Rogers, the boy they are sponsoring at the Children's Home in Jacksonville. A special prayer was said for the North Belle Glade Mission.

There were 11 members present and three visitors, Mrs. Marvin Unwin, Mrs. Melrose Thompson and Mrs. H. C. Moore.

The Hannah Scoggins Circle met at the home of Mrs. Clyde

Parish Tuesday evening. The program, "Our Missionaries in Brazil, Mexico and Chile" was presented with the following members taking part, Mrs. S. M. McAllister, Mrs. N. O. Geer, Mrs. Clyde Parish, Mrs. Henry Earwood, and Mrs. Walter Mosley.

The devotion "was given by Mrs. Edrie Maxwell. A letter of thanks was read from the boy the group is sponsoring in the Children's Home in Lakeland. Others present were Mrs. Carl Hayes and Mrs. Francis Harris.

New Pastor Meets With Church Board.

The Church Board of the Nazarene Church of the Nazarene held its first regular meeting this week at the call of the new pastor, Rev. Charles F. Crauwell. New budgets and plans were the chief items of business. Several matters of importance were presented to be considered and acted upon at a later meeting.

The work is taking shape and new faces have already been seen in the services. A ten percent gain was shown in the Sunday School over the week before.

There will be an Installation Service for the new officers of the Nazarene Foreign Missionary Society during the special service next Wednesday, June the thirteenth. This group is largely responsible for the raising of funds for the work of Foreign Missions. The Church of the Nazarene has Mission work going on in twenty-eight fields. The Church's slogan is, "The Sun never sets on Nazarene Missionary work."

Be among those who have already found a church home, with the Nazarenes. The Nazarene Nazarenes hope to have you as their guests.

Candle Sticks Blessed By Episcopal Vicar

Two pairs of brass candle sticks were blessed last Sunday at St. John the Apostle Church by the father, Father Petrie.

This gives the church the customary six candles to be lighted at all sung services. The new

HOW CHRISTIAN SCIENCE HEALS

"HEALING THE EFFECTS OF ACCIDENT"

800 k. c. 12:45 p. m. WSWN Sundays

Today's Meditation

Chapman Room

Read Mark 2:13-17

My son, if sinners entice you, do not consent. (Proverbs 1:10, RVSV.)

Many people fail to distinguish between popularity and respect. A public entertainer might live a life of wilful sin and still enjoy immense popularity. An able and just general who leads an exemplary life may discipline and lead his troops with such rigor that he has their utmost respect, but at the same time be popular among his men.

Jesus sought the fellowship of men to raise them up and to teach them the way of His Father. Jesus might have escaped the cross if He had sought popularity through compromise. Jesus did not allow others to drag Him down to their level. He sought to raise others to His level.

We all seek peace in this world. We need to realize that peace gained by compromise with atheism and immorality is like the house built upon the sands. Jesus taught us to turn the other cheek. He also taught us to speak out against evil. Silence can be compromise.

PRAYER

Our heavenly Father, make us aware of the difference between good and evil. Close our eyes and our ears to the furnished, earthly glories. Open our mouths that we may show forth Thy praise and help to lead others in the way of life everlasting. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY

I will use speech as vehicle for good works, and life as an instrument for good works. George A. Schoeberlein, Jr., Insurance Adjuster (New York)

candle sticks are the gift of a donor who asks to remain anonymous.

Sermon Topics At Presbyterian Church

Sermon topics at the Everglades Presbyterian Church Sunday, June 10, are announced by Dr. J. Leighton Scott.

A New Name" will be the subject at the morning service at 11:00 a. m. and at the evening service at 7:30 p. m. "Timothy Faces Life."

The Congregation Fellowship supper will be held at the church at 7:00 p. m. Thursday, June 14.

Former Member Holds Revival At LH Church

Rev. Joe Lee Wood, formerly business man of Lake Harbor, who is now a Baptist Pastor at Lake City, is conducting revival services at his former church home, the Lake Harbor Baptist Church.

Two of his sisters are members of the Lake Harbor Church, also Mrs. C. A. Revels, and Mrs. R. Mackey.

Music is under direction of the Pastor, Rev. H. R. Harless. Services begin each night at the youth choir, followed by the 7:45 with a 15 minute sing by regular song service, and sermon.

Rev. Wood extends a cordial invitation to his many friends in this area to attend. Visitors are welcome. The services which began Wednesday night will continue through next Wednesday night, Rev. Harless announced.

Rev. Harless Radio Speaker Next Week

Rev. Harold Harless, Pastor of Lake Harbor Baptist Church, will be the speaker next week on "Morning Devotions," Monday through Friday, at 10:45 A. M. over Radio Station WSWN, Belle Glade.

He will also sing special requests as solo numbers on the program. Any requests for hymns or gospel songs may be addressed to him care of "Morning Devotions," WSWN, Belle Glade.

THE BETTER WAY TO CONTROL BACTERIAL SPOT OF TOMATOES AND PEPPERS

Phytomycin the new liquid antibiotic

GET GREATLY INCREASED, BETTER QUALITY YIELDS

Phytomycin, manufactured by our E. R. Squibb & Sons Division, has proved the outstanding control for certain bacterial and fungus diseases of tomatoes, peppers, tobacco, fruit, potatoes and walnuts. Keep pace. Use the new, better way to control disease.

Phytomycin—

• Completely disperses in the spray mix to form a true solution (unlike wettable powders)

• Forms a better and more uniform mixture (than wettable powders)

• Does not cake (as do wettable powders)
